Dear Readers,

I take this opportunity to appreciate the efforts made by all IRCS District and Taluka Branches in the State of Karnataka to alleviate and reduce the burden of families and individuals impacted by the recent North Karnataka Flood-2020. It's truly commendable and exemplary to other states and districts in the country.

The Indian Red Cross is the voice of voiceless people. We IRCS Karnataka are able to provide our services during North Karnataka Flood-2020. During this fortnightly we have touched more than 5150 families who are in need of it. It gives me great pleasure to express our heartfelt thanks to Sri. R.K. Jain ji., Secretary General, IRCS, NHQ. For their timely aid and their invaluable assistance.

We also extend our gratitude to Infosys Foundation, Sri. Ramakrishna Sevashrama, Swami Vivekanda Integrated Rural Health Centre, Pavagada, Tumkur District for their invaluable help during the North Karnataka flood relief operations, because of their commitment to the humanity we are able to reach the needy people in an effective manner.

We are in a situation where the Covid-19 pandemic is threatening the entire human brotherhood and demolishing the country’s year-long development to date. Our District / Taluka Branch members, volunteers and staff are working closely with local administrations in this challenging situation to fill the gap to serve the human community.

Let us pledge to maintain physical distance, wear a mask and avoid going out unnecessarily to stop the spread of the Covid-19 Pandemic.
Special Thanks to Indian Red Cross Society, National Headquarters, New Delhi for their timely help and assistance.

World today is extremely competitive! To be successful, it demands positive attitude, willingness to 'learn-unlearn-relearn', crisis management, decision making skills and ability to work in team. That's why, blessed are the youngsters who are a part of Youth Red Cross (YRC) because YRC provides the best platform for them to develop these capabilities.

The increased energy, super-high enthusiasm, empathy towards all kinds of living beings, dedication at work, professional and disciplined approach to life challenges—a YRC volunteer emerges as a package with all these essential traits.

It is a matter of pride as well as privilege to run the YRC wing in our Institute and join hands with the future builders of our nation in activities that benefits the society as a whole. Long live YRC!!

YOUTH are the torch bearers of our nation, with freshness, vigor, spirit and willingness to learn. In this period of lifespan, getting involved in Red Cross activities promotes “HUMANITARIAN VALUES” among volunteers who learn respect for other human fellow beings and a willingness to serve the community.

I feel privileged to be a part of Youth Red Cross. Which instilled a positive attitude in my life, by giving invaluable experiences and uplifting the people and teaching us selflessness. As a Volunteer, the works carried out by me, was of great adoration. This helped me a lot in developing Social and life skills. I feel extremely proud to be a part of Youth Red Cross wing of our college. As well, I express my gratitude to “IRCS “ for involving the students/volunteers in the Youth Red Cross activities and cultivating ‘Humanitarian values’ in them for the global well-being

We are excited to share your thoughts in our fortnightly communique too! We request, Red Cross members, volunteers / YRC Program Officers to share your experiences with us at yrckar@gmail.com +91 9538330511
